The chart at left summarizes the % of greenhouse gas concentrations in Earth's atmosphere from Table 1. This is not a very meaningful view though because 1) the data has not been corrected for the actual Global Warming Potential (GWP) of each gas, and 2) water vapor is ignored.. But these are the numbers one would use if the goal is to exaggerate human greenhouse contributions:

Global Warming: A closer look at the numbers

Adams - John Bell Farm - The Bell Witch is the horrible spirit caused much trouble and may have killed John. Alcoa - The Old Stone House - It is said haunted by an old man who built on the house for over 45yrs. He and his wife believed that as long as they kept on working on the stone house that they would never die. His wife died first and he just said that she lost her faith.

Evolution: Glossary - PBS

Various aspects of the relationship between religion and science have been cited by modern historians of science and religion, philosophers, theologians, scientists, and others from various geographical regions and cultures. Even though the ancient and medieval worlds did not have conceptions resembling the modern understandings of "science" and "religion", certain elements of these modern ...

I gotta be honest I was terrified of non-existence since I was, I dunno, 8 or 9? Since then all I hoped for was a growing comfort with death the older I got and I'm not sure if it's a side effect of having been alive longer and seen more things, or maybe a reduced sense of FOMO as I begin to take the longview on human history and the endless nature of change, or maybe just plain fatigue with ...
