Hi, I want to show rows for Jan - September 2016 even though Jan and March do not have any data.
The table has row labels for all the other months, but Jan and March are not showing up.

Pivot Table - Can I show All Months even if no data?

The PivotTable feature is perhaps the most important component in Excel. PivotTable is making one or more new table from a given data table. The best way to understand pivot table is to see one. Start with the following Figure. This figure shows a portion of the data we have used creating the pivot ...
