"The Anselm Academic Study Bible .. could easily serve as a text for teaching an introduction to the Old or New Testament. The charts, maps, and diagrams provide visual and graphic interpretation, and the supplemental information, like a listing of deities of the ancient Near East, offers the insight that students find fascinating.

Christian mysticism refers to the development of mystical practices and theory within Christianity. Mysticism is not so much a doctrine as a method of thought. It has often been connected to mystical theology, especially in the Roman Catholic and Orthodox Christianity (both the Eastern Orthodox and Oriental Orthodox traditions).. The attributes and means by which Christian mysticism is studied ...

Norms are regarded as collective representations of acceptable group conduct as well as individual perceptions of particular group conduct. They can be viewed as cultural products (including values, customs, and traditions) which represent individuals' basic knowledge of what others do and think that they should do. From a sociological perspective, social norms are informal understandings that ...

Participant Observation. Some researchers draw a distinction between participant observation and observation. This distinction is murky. Participant observation "combines participation in the lives of the people being studied with maintenance of a professional distance that allows adequate observation and recording of data" (Fetterman, 1998, pp. 34-35).
