System Analysis Design Answer Dennis

Interrogation (also called questioning) is interviewing as commonly employed by law enforcement officers, military personnel, and intelligence agencies with the goal of eliciting useful information. Interrogation may involve a diverse array of techniques, ranging from developing a rapport with the subject to outright torture

Interrogation - Wikipedia

We have been created fearfully and wonderfully by our Creator God, and the human body showcases God's intricate design. Design features are evident in the structures and functions of each of the body systems. I present a design approach to the study of human anatomy and physiology from a biblical worldview.
