A flipped classroom is an instructional strategy and a type of blended learning that reverses the traditional learning environment by delivering instructional content, often online, outside of the classroom. It moves activities, including those that may have traditionally been considered homework, into the classroom. In a flipped classroom, students watch online lectures, collaborate in online ...

What if you could choose one person in your life and end their suffering? All the pain and frustration and woe intrinsic to their mortal condition would disappear and—best of all—with no financial investment, effort, or trouble on your part. All that is required from you is to abstain from an activity with no compelling justification. Would any reasonable person neglect such an opportunity?
