Key Passages in the Analects of Confucius. The title of the Analects, Lun-yü, , of Confucius, we can translate as something like "Discourses and Dialogues" -- Analects, , would be "Digest" or "Collection" from Greek, a title apparently introduced by James Legge himself. Here we have sayings and stories from or about Confucius, or sometimes just about his students.

The Student's t-test is a statistical test that compares the mean and standard deviation of two samples to see if there is a significant difference between them. In an experiment, a t-test might be used to calculate whether or not differences seen between the control and each experimental group are a factor of the manipulated variable or simply the result of chance.

T-test - BIOLOGY FOR LIFE

Skopos theory (German: Skopostheorie), a niche theory in the field of translation studies, employs the prime principle of a purposeful action that determines a translation strategy. The intentionality of a translational action stated in a translation brief, the directives, and the rules guide a translator to attain the expected target text translatum.
