Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

Guest Hollow's Biology Curriculum

Use the Interactive Practice Tests (IPTs) to prepare for the Program Admission assessment. Each practice test allows you to answer one set of test questions to simulate what you will experience on the day of the test. It is approximately the same length as the actual test; however, the questions in the IPT are sample questions and do not appear on the actual test.

Praxis: For Test Takers: Teaching Reading

Information is the resolution of uncertainty; it is that which answers the question of "what an entity is" and thus defines both its essence and nature of its characteristics. Information relates to both data and knowledge, as data is meaningful information representing values attributed to parameters, and knowledge signifies understanding of a concept.
