This article directly addresses the scientific evidences in favor of macroevolutionary theory and common descent. It is specifically intended for those who are scientifically minded but, for one reason or another, have come to believe that macroevolutionary theory explains little, makes few or no testable predictions, or cannot be falsified.

29+ Evidences for Macroevolution: Part 1 - TalkOrigins Archive

The Tick is a superhero in a blue bug suit (that may not be part of his body) who is the main protagonist of the Tick franchise.. Arthur. Arthur is the Tick's sidekick who first appeared as a character in the Tick #4, but he can be seen as a mysterious flying figure in the background of earlier issues of that series. Trained as an accountant, Arthur purchases his moth suit at an auction and ...

Fun in a variety of locations. Our scavenger hunts work basically the same way in every location. It's the venue that changes the overall feeling of the hunt.. Indoors or outdoors? You might want to pick a location where you don't have to worry about weather, or a location that is most convenient to your office, or a location that's near a great place to have a post-hunt party.

Frequently Asked Questions About Our Scavenger Hunts

Ad Hominem (Argument To The Man): attacking the person instead of attacking his argument. For example, "Von Daniken's books about ancient astronauts are worthless because he is a convicted forger and embezzler."

A combiner (sometimes capitalized, sometimes not) is a group of Transformers that assemble and combine their bodies into a single machine, or that composite machine itself. Most combiners form a larger Super Robot with its own unique personality (a character in its own right), but other varieties of combiner exist, forming vehicles, weapons, or other items.
