Each textbook has thousands of questions to solve. If all the questions from all textbooks of a single course are combined, we get a question bank containing millions of questions. But do you think it's possible for a student to answer each and every question related to their course? Well, it sounds unrealistic.

Others interview questions in this list are classic interview fail questions, such as "What is your greatest weakness?" Most candidates answer questions such as this improperly. In this case, the standard textbook answer for the "greatest weakness" question is to provide a veiled positive such as: "I work too much. I just work and work and work."
