Animals are multicellular eukaryotic organisms that form the biological kingdom Animalia. With few exceptions, animals consume organic material, breathe oxygen, are able to move, can reproduce sexually, and grow from a hollow sphere of cells, the blastula, during embryonic development. Over 1.5 million living animal species have been described—of which around 1 million are insects—but it has ...

Higher education in the United States is an optional stage of formal learning following secondary education. Higher education, also referred to as post-secondary education, third-stage, third-level, or tertiary education occurs most commonly at one of the 4,360 Title IV degree-granting institutions, either colleges or universities in the country. These may be public universities, private ...
