All I remember about this song is that it was a rock song like Coheed and Cambria. At the end of the song it dies down to a soft piano song. Then a robot or an AI talks about how confused it is about why us humans do what we do. Then, it asks "...is this what love is?" Another person, which sounds like he's talking over a radio, says "yes" and the song ends.

I need help figuring out what this song is called ...

Having heard the phrase, "faint heart never won fair lady" for the third time in very short span, I'm determined to find out its origin. Unfortunately, when I Google, I'm getting a bunch of low-quality sites — unlike our StackExchange — that only mention that it's a proverb, and give no clue as to its origin or date of first occurrence.

etymology - What is the origin of the saying, "faint heart ...

Metamathematics is the study of mathematics itself using mathematical methods. This study produces metatheories, which are mathematical theories about other mathematical theories. Emphasis on metamathematics (and perhaps the creation of the term itself) owes itself to David Hilbert's attempt to secure the foundations of mathematics in the early part of the 20th century.

I'm beginning to suspect that there are actually (at least) two different theoretical HEP physicists named Nima Arkani-Hamed out there. One of them (who I'll call Nima1) believes the way to understand the fundamental nature of physical reality involves extremely complicated extensions of the Standard Model, with large numbers of parameters tuned to avoid conflict with observation, and ...
