This lesson investigates the three levels of executive government—federal, state and local—that operate in Australia. Students explore this topic through various disaster scenarios and write and deliver a disaster relief plan utilising various federal, state and local emergency services.

### **Teaching - PEO**

Teaching a child to draw is mostly a question of observing their progress and offering them new methods of exploration. For the first five years of a child's life, your teaching will be limited to providing space, time, tools, and encouragement. In later years, you may offer to teach a child new skills, such as drawing from observation, practicing perspectives, and drawing correct proportions.

### **3 Ways to Teach Kids How to Draw - wikiHow**

A hazard control program consists of all steps necessary to protect workers from exposure to a substance or system, the training and the procedures required to monitor worker exposure and their health to hazards such as chemicals, materials or substance, or other types of hazards such as noise and vibration.
