Any professor that teaches an online course can tell you that online courses are meant to be only just as engaging and challenging as regular on-campus classes. However, a lot of people find them harder than on-campus classes because they don't treat the online course with the same vigor and respect that on-campus classes get.

The strength of inference regarding the presence or magnitude of risk effects is contingent upon the focal measure of predation risk and its mechanistic association with the response of prey (Ford and Goheen, 2015).Moll et al. (2017) classified measures of predation risk into three broad categories: risky places, risky times, and habitat characteristics.

Designing studies of predation risk for improved inference ...
