You're probably wondering what the point of me rambling about the past three years of my college career is. It's not so much for me to unload on you, the reader, the trials and tribulations of finding a major I liked, but also to hopefully be of comfort if you are also someone who is at a crossroads in their life.

Why It's OK To Be Uncertain About College - Odyssey

I'd like to know how to learn the R language as as 'programming' language as opposed to learning it as a statistical system. My question is prompted by lack of understanding of such functions as parse, eval, etc. which may not find frequent use by an R user with a 'statistics' persuasion.

How to learn R as a programming language - Stack Overflow

Learning Methods - Thinking Styles - Teaching Methods There are many different ways a person can learn something. Some learning methods work better than others. The bottom line is, you can learn anything you want, which means the possibilities are endless.

Learning Methods - Thinking Styles - Teaching Methods

A. The 16th and 17th centuries saw two great pioneers of modern science: Galileo and Gilbert. The impact of their findings is eminent. Gilbert was the first modern scientist, also the accredited father of the science of electricity and magnetism, an Englishman of learning and a physician at the court of Elizabeth.
