The 150 th anniversary of Edgar Allan Poe's death last October did not earn Poe any special celebration in the scientific world either in the United States or abroad. Such neglect may be seen as a continuation of the "black legend" weaved, for various reasons, around one of the most innovative American writers of the 19 th Century. In fact, his outstanding literary talent was widely ...

In physics, spacetime is any mathematical model that fuses the three dimensions of space and the one dimension of time into a single four-dimensional continuum. Spacetime diagrams can be used to visualize relativistic effects such as why different observers perceive where and when events occur differently.. Until the turn of the 20th century, the assumption had been that the three-dimensional ...
