Many people remember islands, land masses, and countries in alternate locations. Some of those memories are startlingly similar. I discussed this in two previous articles. The first was about Sri Lanka's location, since that had attracted considerable comment. The other article was about checking older maps, in case newer maps have been altered for political ...

In a previous part of this lesson, the motion of a mass attached to a spring was described as an example of a vibrating system. The mass on a spring motion was discussed in more detail as we sought to understand the mathematical properties of objects that are in periodic motion. Now we will investigate the motion of a mass on a spring in even greater detail as we focus on how a variety of ...
