What once was working in my asp.net webforms app now throws this error:

System.MissingMethodException: Method not found The DoThis method is on the same class and it should work. I have a gene...

c# - System.MissingMethodException: Method not found ...

Have you tried refreshing the project? Clean does not check whether the source files exist, it just deletes the compiled classes. In the navigator view right click on your project (or appropriate folder) and select Refresh from the context menu.
