Newport has the knowledge and expertise needed to address the most complex and demanding motion control applications. Whether your application requires the DynamYX® Datum™ capable of 5 G acceleration and nanometer accuracy, the evolutionary HybrYX® air and mechanical bearing "hybrid" stage or the newly released SinguLYS® that combines many of the advanced features of the previous ...

Air Bearing Solution Selection Guide - Newport Corporation

PerkinElmer brings you twice the thermal capability in one compact instrument. The PerkinElmer range of Simultaneous Thermal Analyzers (STA), offers you real-time measurement and analysis of sample weight change and heat flow.

Simultaneous Thermal Analysis (STA) | PerkinElmer

With 50 years' experience in gas turbine inlet filtration, we know how to develop and produce high quality gas turbine air inlet filters and systems that provide superior performance in a wide range of environmental conditions.

Gas Turbine Inlet Filtration | CLARCOR Industrial Air

Cooling Towers Return To Top No business today can afford the cost associated with unscheduled downtime due to system fouling or clogging. Air Intake Filters help to keep debris from getting into fill material, thus helping to optimize the thermal transfer process, also helping to maintain good water ecology.
