This list consists of many notable people who identify as transgender. The individual listings note the subject's nationality and main occupation. In many non-Western and ancient or medieval societies, transgender people are seen as a different gender in itself, and there is a separate category for them, one that is different from the binary 'men' and 'women'. They are often described ...

Nathan is working on a spreadsheet that contains a list of car models and owners. He needs to create a unique list of owners per car. “Maybe I can use an IF() formula,” he thinks to himself and decides to give it a go. However, after several failed attempts he decides to search the web to see how people create a unique list in Excel based on a specific condition.
