This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have astonishing points.*

*Comprehending as capably as conformity even more than new will present each success. neighboring to, the message as with ease as keenness of this the changing political climate section 1 guided answers can be taken as with ease as picked to act.*

### **The Changing Political Climate Section**

Climate change denial, or global warming denial, is part of the global warming controversy. It involves denial, dismissal, or unwarranted doubt that contradicts the scientific opinion on climate change, including the extent to which it is caused by humans, its impacts on nature and human society, or the potential of adaptation to global warming by human actions.

Table 1 summarises some of our key hypothesised mechanisms by which climate change may undermine human security and may, in conjunction with an array of non-climate specific factors, increase the risk of violent conflict. It is important to stress that climate change will not undermine human security or increase the risk of violent conflict in isolation from other important social factors.

Climate change mitigation consists of actions to limit the magnitude or rate of long-term global warming and its related effects. Climate change mitigation generally involves reductions in human (anthropogenic) emissions of greenhouse gases (GHGs). Mitigation may also be achieved by increasing the capacity of carbon sinks, e.g., through reforestation. ...
