The electricity sector in Canada has played a significant role in the economic and political life of the country since the late 19th century. The sector is organized along provincial and territorial lines. In a majority of provinces, large government-owned integrated public utilities play a leading role in the generation, transmission and distribution of electricity.

Preface. This book has 15 essays Heinberg wrote from 2011 to 2014, many of them available for free online. These are some of my Kindle notes of parts that interested me, so to you it will be disjointed and perhaps not what you would have chosen as important — but it gives you an idea of what a great writer Heinberg is and hopefully inspires you to buy his book.
