- From the time you start school as a small child to the time you finish your degree studies and beyond, you're trained to have the right answer. And to be able to defend your answers and positions. So it's no wonder when we make a proposal that gets met with rejection, our knee jerk reaction is to double down and defend it. We have to unlearn this behavior as negotiators.

3.2: Cognitive Models of Information Seeking. A cognitive account of the standard model can be derived from Norman's influential model of general task performance (Norman, 1988), which presents a broad perspective on how people operate in the world. According to this model, a person must first have a basic idea of what they want -- the goal to be achieved.
