More than 4,500 ebooks and many book collections, including archive collections of critical historical material, as well as publisher and topical collections.

Books@Ovid

The Big Five personality traits, also known as the five-factor model (FFM) and the OCEAN model, is a taxonomy for personality traits. It is based on common language descriptors. When factor analysis (a statistical technique) is applied to personality survey data, some words used to describe aspects of personality are often applied to the same person. For example, someone described as ...
