The frontal lobe is located at the front of the brain and is associated with reasoning, motor skills, higher level cognition, and expressive language. At the back of the frontal lobe, near the central sulcus, lies the motor cortex. This area of the brain receives information from various lobes of the brain and utilizes this information to carry out body movements.

Anatomy of a Murder is a 1959 American courtroom drama crime film produced and directed by Otto Preminger. The screenplay by Wendell Mayes was based on the novel of the same name written by Michigan Supreme Court Justice John D. Voelker under the pen name Robert Traver. Voelker based the novel on a 1952 murder case in which he was the defense attorney. The film stars James Stewart, Lee Remick ...
