Problem Solving Quotes from LeadershipNow. "Leaders are problem solvers by talent and temperament, and by choice. For them, the new information environment—undermining old means of control, opening up old closets of secrecy, reducing the relevance of ownership, early arrival, and location—should seem less a litany of problems than an agenda for action.

In physics, the n-body problem is the problem of predicting the individual motions of a group of celestial objects interacting with each other gravitationally. Solving this problem has been motivated by the desire to understand the motions of the Sun, Moon, planets, and visible stars. In the 20th century, understanding the dynamics of globular cluster star systems became an important n-body ...
